

## **Week 1/Exercise 1/Markup**

### **Work individually (10 minutes)**

Choose one set of files, either Example 1 or Example 2.

- **Example 1:**
  - AM\_30\_fol.txt
  - AM\_30\_fol.md
  - AM\_30\_fol.html
  - AM\_30\_fol.doc
- **Example 2:**
  - AM\_30\_fol.txt
  - AM\_30\_fol.md
  - AM\_30\_fol.tex
  - AM\_30\_fol.doc

Compare the files and answer the following questions (write down your answers):

- Which of these files contain markup?
- What type of markup is used in these files?
- How are these documents structured?
- How is the markup expressed?
- What are these types of markup usually used for, give examples?
- List all markup elements used in the documents and explain what are they used for (what do you think they mean)?

### **Work in groups (10 minutes)**

Form two groups: one group consisting of everyone who worked on example 1 and one group consisting of everyone who worked on example 2.

- Choose one person who is group's timekeeper and who will make sure you are on time
- Choose one person who is group's secretary and will write down your answers.
- Choose one person who is group's presenter and will present the answers.
- Compare your answers, note down all significant differences in the answers among group members.
- Prepare a short presentation of your example and the answers your agreed upon.
